EXPLANATION

1 The inclusion of this explanation does not constitute agreement with
2 the explanation's substance by the members of the general assembly.

3 Under current law, a consumer may return an empty beverage
4 container upon which a 5-cent refund value has been paid to a
5 dealer or a redemption center. When a distributor collects
6 empty beverage containers from a dealer, dealer agent, or
7 redemption center, the distributor reimburses the dealer,
8 dealer agent, or redemption center the refund value plus a
9 1-cent handling fee for each empty beverage container. Current
10 law also allows any person to establish a redemption center
11 that serves a dealer if it is approved by the department of
12 natural resources. Any person may also establish an unapproved
13 redemption center.

14 DIVISION I. This bill increases the handling fee to 2 cents,
15 but only when paid to a redemption center. The bill provides
16 that a dealer may choose to not accept beverage containers
17 if a redemption center is located within a 20-mile radius of
18 the dealer. The bill makes numerous changes throughout Code
19 chapter 455C to change instances of "dealer" to "participating
20 dealer", remove obsolete language, and stylistically and
21 grammatically update the Code chapter.

22 This division of the bill takes effect July 1, 2023.

23 DIVISION II. The bill repeals the current beverage
24 container control law (Code chapter 455C) on January 1, 2024,
25 and makes corresponding changes.

26 DIVISION III. The bill creates a new Code chapter 123B
27 to place beverage container control provisions under the
28 authority of the alcoholic beverages division (ABD) within
29 the department of commerce. Under the new beverage container
30 control provisions, a dealer shall submit to the department
31 of revenue on a monthly basis receipts indicating the number
32 of beverage containers sold by the dealer and the 5-cent
33 refund value collected for each beverage container sold by
34 the dealer. The department of revenue shall credit monthly
35 to the treasurer of state for deposit in the bottle bill

1 deposit fund established in the bill the refund value collected
2 from dealers. A consumer may redeem the refund value by
3 returning an empty beverage container to a redemption center.
4 After payment of the refund value by a redemption center to
5 a consumer, the redemption center shall dispose of empty
6 beverage containers by transporting the beverage containers to
7 a recycling site. After a redemption center provides proof of
8 recycling, ABD shall reimburse the redemption center the refund
9 value paid to consumers and a handling fee provided by rule.
10 The reimbursement shall be paid from the bottle bill deposit
11 fund established in the bill. This division of the bill does
12 not require a distributor to pick up beverage containers and
13 reimburse redemption centers.

14 The bill requires ABD to establish and administer a refund
15 value payment program for the purpose of administering
16 payments of refund value and handling fees to redemption
17 centers. The bill establishes a bottle bill deposit fund in
18 the state treasury under the control of ABD. Moneys in the
19 bottle bill deposit fund may be used for purposes of issuing
20 refund value and the handling fee to a redemption center,
21 covering administrative costs to administer the program,
22 annually transferring moneys to the taxpayer relief fund, and
23 replenishing the bottle bill cash reserve account established
24 within the fund.

25 The bill requires ABD to require by rule registration of the
26 universal product code for each beverage container in a format
27 required by ABD. The bill requires the alcoholic beverages
28 commission, at the recommendation of ABD, to adopt rules to
29 carry out this division of the bill.

30 The bill provides penalty provisions primarily based on
31 simple misdemeanors and fraudulent practices in current Code
32 chapter 455C, but also creates the fraudulent practice of
33 intentionally submitting to ABD a request for reimbursement
34 of refund value that does not accurately reflect the number
35 of beverage containers collected and recycled by a redemption

1 center for the period that the redemption center seeks
2 reimbursement. The bill also provides for civil enforcement by
3 ABD, including the imposition of civil penalties not to exceed
4 \$2,000.

5 This division of the bill takes effect January 1, 2024.
